FRIDAY, JUNE 13.

The Republican and Progressive platform in Ohio county calls for better roads and lower taxes, and this can be brought about by rigid economy in the management of the county finances.

Now that Governor McCreary has violated his pledge to the people by announcing his candidacy for another office, it seems to us it is in order for Congressman Stanley to challenge him for debate.

President Wilson has increased the size of "The Big Stick" to more than double the one used by Ex-President Roosevelt. The way he is boasting legislation at Washington would make the Colonel blush with jealousy.

Just to show how the get-together plan works, we call attention to the fact that on last Saturday a combination of Progressives and Republicans carried the city of Wilmington, Delaware, overwhelmingly in the city election. The same thing is going to happen all over the country. If the leaders do not get together in a combined effort to overthrow Free-Trade Democracy the rank and file will attend to the job.

### OWENSBORO COLLECTORSHIP.

As had been expected by almost everyone in the Second Internal Revenue District, with the possible exception of one S. W. Hager, the President one day last week appointed Col. Josh Griffith, Collector at Owensboro, to succeed Lawson Reno, who has held the position about three and one-half years.

Mr. Griffith is a splendid man, well equipped for the position, and an old line politician. He had the backing of Senator James and the Owensboro Messenger, through Col. Woodson. Mr. Hager, editor of the Inquirer, thought he had some chance to win the prize because he had been President Wilson's manager in Kentucky during the fight for the nomination and had also been on the campaign committee for the State during the Presidential campaign. However, Mr. Hager's standing with Kentucky Democratic politicians has never amounted to much since he led the party to such disastrous defeat as a nominee for Governor in 1907. Besides he has proven himself to be a one-horse politician, narrow minded in his dealings with his opponents to such a degree as to make him practically unfit for any public office in which he would have to come in contact with men belonging to other parties. No doubt this fact was brought to the attention of President Wilson in a forcible way by his opponents. The man who will request a party platform and then use a private letter for the purpose of garbling it, throwing the article which he requested into the waste basket, to our mind does not deserve much sympathy when he is thrown on the junk heap by his own administration, and even by the man whom he had sought to aid when those who triumphed over him were fighting and from whom he would no doubt have had the greatest consideration had he possessed the elements necessary to make a capable official.

### KENTUCKY COAL FOR EXPORT.

Discussing the probability of a great increase in the exportation of American coal, the Cincinnati Enquirer says:

We have gone thoroughly through the coal situation in the principal fields of this country which supply the coast, and well informed correspondents in Great Britain are of the opinion that the export trade in coal from the United States is upon the eve of a great expansion.

"They predict that such expansion will be distinct and well marked even before the opening of the Panama Canal, but this will be but the prelude to the very great activities which will prevail after the fleets of the world pass up and down our coasts in their voyages through the Isthmian Strait.

"If they are correct there will be tremendous developments in the coal regions, possibly also affecting favor-

ably the coal districts of Southern Ohio and Eastern Kentucky."

The coal fields of Kentucky should be in a position to profit by any increased foreign demand for American coal. There seems no reason to doubt that exportations will greatly increase. As a matter of fact they are increasing already. Some of the coal fields of the Old World are approaching exhaustion. The opening of the canal will stimulate trade and the building of new railroad lines of many of the ocean ports.

Already Pennsylvania, Maryland, Virginia and West Virginia are selling coal to foreign buyers. In Kentucky there are coals of excellent quality and they are not confined to one small district. With two distinct coal fields, one in the eastern and one in the western portion of the state, Kentucky is well prepared to take advantage of the anticipated augmentation of export business when the canal is opened to the steamship traffic of the world.

Kentucky's coal output is growing, having in 1912 reached a production of some 16,000,000 tons. This was the largest figure ever attained, but is ought to be several times larger. The coal is here and the world wants it, and there is ample ground for believing that production will be doubled or trebled in a few more years. And even then we will only have begun to scratch the surface of our marvelous coal deposits.—Courier-Journal.

### MCCREARY'S ANNOUNCEMENT.

In his published announcement, Gov. McCreary displays a modesty (?) in recounting the things "I have done", which is remarkable for one of his age. He tells us of all the laws which he had passed for Kentucky, during the last session of the State legislature, takes credit for the new constitutional amendment, providing for the election of United States senator by popular vote, besides all the legislation enacted by Congress during the last six years.

However, he neglected to take credit for building the Panama Canal or the framing of the proposed Underwood tariff law. Coming closer home, the Governor also fails to tell us why he failed to abolish the State Board of Equalization, which he promised in a most solemn manner to do, when out appealing for votes; and why the present State Board has raised the values in every county almost in the State, including our own, and thus the burdens of taxation have been increased, while it is admitted on all hands that the State indebtedness is increasing from day to day at a fearful rate. But the most absurd paragraph in the Governor's announcement is that in which he undertakes to show that while the last legislature appropriated \$575,244.58 the preceding one under the last half of Wilson's administration as Governor, appropriated \$1,259,021.62. Both legislatures were overwhelmingly Democratic, and the appropriations made by the former were made over the protest of the Republican Governor in many instances and he used the veto as upon other extravagant items. While it is not our province to defend a Democratic legislature for extravagance, it is known that large appropriations were necessary that year to finish the new capitol, and our recollection is that about \$500,000 was appropriated to the two State normal schools. In this connection the Governor says:

"The appropriations made the first year of my administration did not sum up one-half as much as the appropriations made by the preceding Republican administration."

This is either deception on the part of the Governor, or a condition of mind which unfits him for any public office. It may fool some people, but the reading citizens of the State know that the Republicans have never been in the majority in a Kentucky legislature. Besides, the appropriations accounted for by the Governor for "his legislature" do not include the Confederate pension bill, which is admitted would carry at least \$500,000 more per year. According to Commissioner Stone's speech before the Court of Appeals recently, there are now over 4,000 applicants for Confederate pensions, under this act. If allowed at the rate of \$10. per month, in round numbers this would make \$500,000 per month or \$600,000 per year.

In his next epistle we hope the Governor will abandon the field of "what I have done" long enough to tell us how he didn't get through the last legislature a bill to place the penal institutions under non-partisan control, a comprehensive revenue law, which would equal the burdens of taxation in the State; and many other needed reform measures.

Each age of our lives has its joys. Old people should be happy, and they will be if Chamberlain's Tablets are taken to strengthen the digestion and keep the bowels regular. These tablets are mild and gentle in their action and especially suitable for people of middle age and older. For sale by all dealers.

### Baseball Dope.

The little contest of ball playing here Saturday between Hartford and Equality was a game that would make a big leaguer blush with envy. Really, it was the best game ever played here, and it has been the entire topic of conversation with the bugs ever since. The affair was started with Equality going to bat, with Barnett and Thorpe as battery for Hartford. Equality had a fast battery, composed of Withrow and Ratter Addition. The game went on smoothly without a score on either side of the board until the third inning when the Visitors made one run. They followed this in the fourth, going one better when Addition and Dugan made a run each, V. Morton making the run in the third. But right there was where the fun began for the home team. In the fifth Thorpe and King each scored, followed in the sixth by a score from Taylor and Rickard, each. But that was the end to the score business and when the final count came score was Equality 3 and Hartford 4. Some game about that!

### THE LINE-UP.

Hartford.	Equality.
Taylor, ss	Green, cf
Thomas, lf	S. Evers, ss
Rickard, 3d	D. Garrett, 3d
Barnett, p	R. Addition, c
King, 1st	Dugan, lf
Thorpe, c	H. Evers, 3d
Robertson, 2d	Brown, 1st
Tinsley, rf	Morton, rf
Rosenblatt, cf	Withrow, p
Hunter	H. Addition
E. Barnett	
Umpire: R. T. Collins.	

### THE SCORE.

Innings	1	2	3	4	5	6	7	8	9	R	H	E
Equality	0	0	1	2	0	0	0	0	3	3	3	3
Hartford	0	0	0	0	2	2	0	0	4	4	4	4

ROBERTSON COULDN'T MISS EM.

The second teams of Hartford and Beaver Dam had a friendly contest last Friday afternoon—in the rain—and Beaver Dam boys put it on our crowd to score of 5 to 2. Only five innings were played, and it is probably well for the Hartford boys. Beaver Dam had some big, fine young fellows, and fine batters. Hartford boys were small in stature, but large in endeavoring to play, but not equal to the occasion. About the second inning it began drizzling rain, but that never dampened the ardor of either team in doing their best. The line-up was as follows: Hartford—Crowe, c; May, p; 3d: Glenn, p; 3d: Burton, 1st; Tinsley, 3d; Moore, ss; Duke, rf; Tinsley, cf; Felix, lf; Glenn, sub. Beaver Dam—A. DeLoe, p; Phelps, c; Thomas, 1st; O. Hodge, 2d; Park, ss; Hurt, 3d; Williams, lf; Kincaid, cf; McKenney, rf.

Equality had good players on their team, and fine fellows all of them. They clearly demonstrated their old time ability for ball playing, and were ably assisted by McDugan, Green and Garrett, three Rockport players.

Dr. J. L. Smith and Will Ed. Ashby, of Centertown, were hot rooters for Equality. We want them here today to root for Hartford, against Owensboro.

What is calculated to be the big game of the season for local fans is the game scheduled to be played here this afternoon between Hartford and Owensboro. Our boys, however, are in good shape and Owensboro will be given a hard fight. The line-up will be as follows:

Hartford.	Owensboro.
Thorpe, c	Bean, c
Rickard, p	Pirtle or Cox, p
King, 1b	Witmer, 1b
Robertson, 2d	Richardson, 2d
Taylor, ss	Schlem, ss
Green, 3b	Allison, 3b
Thomas, lf	Cabbert, lf
Rosenblatt, cf	Woodward, cf
Barnett, rf	Haight, rf
Hunter, sub.	
Barnett, sub.	

Judge J. S. Glenn, who is a real

live fan, says the Saturday game was far ahead of many games he has seen big teams in the large associations and leagues play.

Rockport, that fast Ohio county team, will try it out with Hartford here Saturday afternoon.

Sunday afternoon Hartford and Taylor Mines will play at T. M. So far Taylor Mines is the only team that has beaten Hartford this season.

Thanks to Nathan Rosenblatt for saying nice things about this column. Also to Ernest Woodward.

Dr. B. F. Tichenor has been selected by the management of the Hartford team as official physician for the team, and he will be present at each game and ready should an accident happen. Col. Casabier said he was not expecting any accidents, but it was better to be prepared for any emergency.

An interesting game was played at Ellmitch Saturday between Fortsville and Trisler, resulting 5 to 4, favoring Fortsville. Both sides did good work, and after the third inning Trisler did not score, and the game was 4 and 4 until the seventh when left fielder Foreman brought Warner home. "Little Reddish" Helden knocked a two bagger the first thing; Buddie Owen tapped a three bagger and brought Royal from first to home. It is said Owen and Whittier pitched the best game ever played at Ellmitch. Trisler boys are no slouches in ball playing—look out Hartford. Free Whittinghill and Harden are some sluggers. Wells is always smiling.

Representatives of any team in Ohio county are all cordially invited to write or telephone items for this column.

### Famous Stage Beauties.

look with horror on Skin Eruptions, Blotches, Sores or Pimples. They don't have them, nor will any one, who uses Bucklen's Arnica Salve. It glorifies the face. Eczema or Salt Rheum vanish before it. It cures sore lips, chapped hands, chilblains; heals burns, cuts and bruises. Unequaled for piles. Only 25c at All Druggists.

### In The Oil Field.

Carter well No. 2 was shot one day last week with 60 quarts of nitroglycerine, with splendid results, it is believed by its owners.

The machinery for the well on the Widow Allen farm is being rapidly gotten into place and drilling will be commenced in a few days.

The Ohio Fuel Oil Co., is placing machinery on the ground for its No. 1 well on the Moore farm.

Work has been temporarily abandoned on the Shaw well on the Sullenger farm, awaiting a new stem to take place of a broken one. The oct tractors have had a great deal of trouble with this well on account of a crooked hole, but they are sticking to their text with perseverance and pluck and claim they will yet straighten it out.

The Brandt well, near Victory schoolhouse is about 1200 feet deep, and work is proceeding in a satisfactory manner.

The long looked-for machinery, which has been lost on the road for more than a month, has arrived and is being hauled for the Boda well on the Bennett farm. Mr. Lawrence informs us that he has telegraphed for the drillers and work will begin there in a few days and will be pushed to completion.

A well is to be begun on the St. Clair land, near the Grayson county line, about one and one-half miles east of Olaton, and several loads of casing have been hauled to that point. It is understood that this well is to be on the land owned by the Extension Development Co.

The map which is being prepared by the Rough River Oil Co., of its holdings, is nearing completion, and will be one of the finest ever gotten out in this locality.

Mr. Stewart Snyder, of the firm of Henderson & Snyder, Lawrenceville, Ill., who has been visiting his crew at the Shaw well for several days, left for home Monday. He was accompanied on the trip by Mrs. Snyder.

There is no real need of anyone being troubled with constipation. Chamberlain's Tablets will cause an agreeable movement of the bowels without any unpleasant effect. Give them a trial. For sale by all dealers.

# Our Boys of To-day WILL BE THE MEN OF THE FUTURE.

These boys must be CLOTHED season after season. Fathers and mothers, the clothes you buy for your boy can be used to his material good by teaching him that cheap materials cheaply made are not cheap at any price. That extravagance in dress is foolishness, but good dependable materials well made at a legitimate price are always a safe and sure investment.

We have the suits your boy should wear. We take a special interest in pleasing and fitting the boys. We want their friendship and confidence. Our Boys Suits will do all we claim for them.

Your complete outfit is here; Shoes, Shirts, Underwear, Ties, Hats and Hosiery. Drop in for a look. We will be glad to show you.

## E. P. Barnes & Bro.

BEAVER DAM, KY.

### SUFFRAGETTES DO MALICIOUS DAMAGE

Seven On Trial, Including  
Their Alleged  
Adviser.

London, June 9.—The trial of the suffragette leaders charged with conspiracy under the malicious damage to property act began to-day at the Central Criminal Court, Old Bailey. The accused included Miss Harriet Kerr, Miss Agnes Lake, Miss Rachel Barrett, Mrs. Beatrice Saunders, Miss Annie Kenney, Miss Laura Lennox and Edw. Clayton, the chemist, alleged to have acted as adviser to the suffragettes in their campaigns.

"Gen." Mrs. Flora Drummond, who was originally charged with the other prisoners did not appear, her case having been postponed owing to her illness.

Little interest was shown by the general public in the trial. There were a few women spectators in court, who, like the prisoners, wore a black band on their left arms as a sign of mourning for Miss Emily Wilding Davison, the militant suffragette who died yesterday from injuries received at the Epsom race course.

There was a big array of counsel when the cases opened. Sir John A. Simon, the Solicitor General, was the leading barrister on behalf of the Government.

The "arson squads" of the militant suffragettes have once more become very active. Beside the \$70,000 fire at the Hurst Park race course last night, they destroyed this morning a boathouse on the River Lea and also the grandstand at the North Middlesex cricket grounds.

The fire at Hurst Park was started in the royal box, the furniture of which had been saturated with oil.

The flames were not extinguished until 8 o'clock this morning.

### WOMAN WANTED WALKS IN.

Doncaster, England, June 9.—While the examination of a servant girl, charged with an attempt to set fire to Westfield House, was proceeding to-day, May Dennis, alias Lillian Linton, who was wanted by the police in connection with the Kew Garden suffragette outrages last February, caused a sensation by entering the court.

When your child has whooping cough be careful to keep the cough loose and expectoration easy by giving Chamberlain's Cough Remedy as may be required. This remedy will also liquify the tough mucus and make it easier to expectorate. It has been used successfully in many epidemics and is safe and sure. For sale by all dealers.

### You Can Tell By The Pail

what kind of feed has been given the cow. If it has come from me the milk will be rich and creamy, and there will be lots of it. There is money in milk when I supply the feed and grain. Try it for a while and see the milk money grow. Try it on the horse, too. It will improve both his condition and his value.
